

THE THERMAL-LUBE

SYNTHETIC UNIVERSAL TRACTOR LUBE (TDH)

XL7380

July 2022

XL7380 is a "State of the Art" new generation "Synthetic Super Tractor Oil Universal" (SSTOU) formulated to meet the severe demands of power-driven equipment in Canada.

XL7380 is recommended for use in farm, construction, and off-road equipment, which simplify their lubrication by use of the same oil for the lubrication of:

- Gears
- Pumps
- Differentials
- Final Drives
- Bearings
- Wet Brakes
- Transmissions
- Power Take Off (PTO) Clutches

XL7380 performance includes:

- High E.P. and anti-wear additives to maximize gear and drive-train life.
- Minimizes wet brake chatter and noise, while maintaining outstanding brake capacity.
- Excellent filterability and high wear tolerance.
- Faster stall times on PTO equipment to prevent clutches from slipping and burning up.
- Increased rust and corrosion inhibition even in the presence of water.
- Prolongs gasket and seal life and prevents oil leaks by not hardening, shrinking or swelling seals.

XL7380's synthetic formula works well in all temperatures. Hydraulic operating equipment will start up and respond faster, and seasonal oil changes will be eliminated.

TYPICAL SPECIFICATIONS	
Product Code: XL7380	/103
SAE Grade	10W30
Viscosity (cSt @ 100°C) (ASTM D445)	9.5
Viscosity (cP @ -18°C) (ASTM D2983) (cP @ -40°C) (ASTM D2983)	4000 70,000
Flash Point (°C)	>193
Pour Point (°C) (ASTM D97)	-42
Specific Gravity (g/ml @15.6°C)	0.88

OEM SPECIFICATIONS	
MANUFACTURER	APPROVAL
Vickers 35VQ25A	Meets All Required Testing
Allison C-4	Suitable for Use (SFU)
Caterpillar TO-4M	Meets All Required Testing
F TE-ML 03C	Approved
ZF TE-ML 07F	Approved
Dana Powershift	Suitable for Use (SFU)
Komatsu Dresser	Suitable for Use (SFU)
Tremec TTC	Suitable for Use (SFU)
